Report No H2 82/45 dated 21-1-1946 from the Health Officer, Bangalore City to the Municipal Commissioner, Bangalore City

---

Ref - Memo No A5 C 690/44 dated 21-7-45, and 29-8-45 returning this office proposals for continuing the Cyanogas staff for 1945-46 as already sanctioned in the G O No L 6753-5/M 1 10-44-57 dated 8-1-45 and to report on the progress made in this behalf during the year 1944-45 etc

---

Submitted to the Municipal Commissioner

I had submitted a scheme costing Rs 20,725/- per annum for intensive cyanogasing of the City, as a plague preventive measure The full complement could not be entertained for dearth of hands Only 30 gangmen with one Asst Sanitary Inspector were entertained during 1944-45, the cost incurred being Rs 10,429-7-0 as detailed in the margin The Government while sanctioning the scheme in their order No L 6753-5/M1 10-44-57 dated 8-1-45 observed that the proportionate cost is approved This means that whatever is spent during 44-45, for anti-plague measure is approved

Pay of gangmen and Asst Sanitary Inspector Rs 4,520-0-0	Plague started in the month of July 44 and it spread III, VI, VII, IX Division The Epidemic persisted in VII Division Intensive Cyanogas fumigation had been undertaken in all these places in addition to anti-plague inoculation
Cost of cyanogas dust and incidental charges Rs 5,909-7-0	
Total Rs 10,429-7-0	

As a result of this campaign, 31,273 houses having 2,20,491 burrows were thoroughly fumigated and 10,450 rats and bandicoots found dead during fumigation The gang was continued from March to July 45, in order to tackle other divisions during the quiescent period and as a preventive measure to ward off infection during the following epidemic season

A statement of work turned out during 44-45, is also herewith enclosed for favour of reference

According to the original scheme 90 gangmen had to be entertained to complete the cyanogasing of the whole city within a period of 4 months, but due to lack of labour this could not be done I was therefore obliged to continue 30 coolies and one Asst Sanitary Inspector from 1-7-45

Sporadic cases of plague were reported in the latter part of Aug 45

In september 45, I submitted a note that the existing gang not being adequate, additional gang had to be employed to cope with the work The sanction of the Government has also been received for the entertainment of the above staff

It is evident therefore that a gang of 30 coolies and one Asst Sanitary Inspector were continued from 1-7-45 The auditor has taken objection for not obtaining Govt , sanction for this establishment The establishment will have to be continued till the end of the year 45-46, in order to continue cyano-fumigation during the off season The cost involved is Rs 13,180-0-0 as detailed in the margin and the same will be met out of Rs 20,000/ provided in the budget under the head of "Cyanogas work"

p t o

One Asst Sanitary Inspector on Rs 25 + 5 C A	Rs 30/-
30 Gangmen on Rs 12/- each p m	Rs 360/-
Total P M	390/-
Total per year	Rs 4,680/-
5000 lbs of cyanogas dust	7,500/-
Cyanogas pumps etc	1,000/-
Total	Rs 13, 180/-

Orders of Government may kindly be obtained for this expenditure

The subject may kindly be placed before the Managing Committee, to-day, for approval, and before the Municipal Council on 24-1-46
